## ENJOY CONNECTIVITY FARTHER OFF THE BEATEN PATH.

The first cell signal booster kit engineered for overlanding and off-roading.

The weBoost Drive Reach Overland is the ideal cell signal booster for overlanding and off-roading enthusiasts.

- Improves talk, text, and high-speed data internet in remote locations.
- Allows everyone in the cab to enjoy fewer dropped calls, uninterrupted texts, better voice quality, improved hotspot capability, faster data speeds, better streaming, and more.
- Is 5G compatible and improves cell signal on all U.S. carrier networks, including Verizon, AT&T, T-Mobile, UScellular, and more.
- Is backed by a 2-year manufacturer's warranty and a 30-day money-back guarantee.
- Meets all FCC guidelines and won't interrupt or harm any cell carriers signals to and from the cell tower.

DRIVE REACH OVERLAND

472061

### Key Features

Our most durable outside antenna meets current U.S. Military and NEMA IP66 standard to endure the toughest outdoor conditions; including wind, rain, hail, dust, dirt, and more.

A versatile mounting bracket that gives drivers the option of how the antenna attaches to vehicles—using a T-slot, pole, or fixed mounting.

The overland antenna can be raised an additional 13 inches using the included mast extension, providing even greater range.

Quickly fold down the antenna for garage storage; then flip it back up for improved signal while off-roading.
